# Missions Update

*April 5, 2017*

## Deputation Can Be Blessing

Deputation - the process where a missionary raises support before they go to the mission field - can be a difficult time for a missionary but it can also be a very exciting time. That has been true for our family during the month of March. This month we have traveled about 1500 miles, we've been snowed in under three feet of snow, and we've seen God open doors and provide more meetings than what we originally had scheduled before we left Kansas City.

Special thanks to First Bible Baptist of Lancaster, NY, Southeast Bible Baptist of Penfield, NY, Grace Baptist of Syracuse, NY, Calvary Baptist of Frankfurt, NY and Friendship Baptist Church of Rome, NY for opening the doors of your churches and hearts and allowing us to speak and present our ministry! God is still opening doors for meetings in New York as we continue to trust him during deputation!

Thank you all for your continued prayers and support. I would like to include a special prayer request for our little niece in Argentina. Mily's

oldest brother's daughter is "Sol" she is 6 years old and has developed a polyp that is causing bleeding in her stool. She is scheduled for surgery this month to remove the polyp. Its not causing her any pain, but there is concern because of the bleeding and because of her age.

### Prayer Requests

- Our little neice's surgery in April to remove a polyp.
- Continued open doors for more meetings through the rest of this year.
- Pray for good time management concerning the kids schooling while we are on the road.
- Pray for the people's hearts in Argentina while we are preparing to go.

### UPCOMING EVENTS

- Possible meetings in Maine, and Virginia in the coming months!
