To Whom It May Concern:

Dear Pastor:

I whole heartily recommend Cody and Mily Walker to you for support as missionaries to Argentina. Cody and Mily are like my own children and are completely dedicated to God and serving Him as missionaries.

Cody and Mily came to Lee's Summit Baptist Temple in 2009 and decided to stay as interns to be trained for ministry. They have been faithful in church and ministry for these past seven years. They are both very talented and gifted individuals, and I believe God will use them in mighty ways on the mission field.

Their hearts have been directed toward missions since the day they arrived. They have received years of training to learn how to work effectively in Latin American cultures and countries by: working in Mexican churches, going on many mission trips into Spanish speaking countries, preparing themselves in every way possible to serve God as career missionaries.

Because of their background, training, and bi-lingual abilities, Cody and Mily will get to work quickly in Argentina, not having to spend additional years learning the culture and language of Argentina! The return on your investment will see immediate results!

If you can, I ask you to help them accomplish what God has laid on their hearts. Thank you!

In Christ,

Frederick T. Allen
Senior Pastor
