Evangelism Still Works

FEBRUARY UPDATE

The latest trends like to tell us that evangelism as we have known it really doesn't work. Some say we have to try this strategy or that strategy to reach people or we will not be effective. During our training at our home church - Lee's Summit Baptist Temple - we have learned that when it comes down to it, the best evangelism method is your mouth! That has been made evident to me continually over the past few weeks.

Our church has an evangelism team that goes out soul winning every Saturday. And every weekend that we are in town we go out with them. Over the past year Mily and I have been a part of seeing families come to church and start discipleship all because we knocked on their door and invited them to church.

Two weeks ago our evangelism team saw 1 salvation. Last week, Cody was paired up with another brother from our church and each of them was able to lead someone to the Lord. Yesterday we went out to an area of our city that hasn't been covered in a while and as a result we had 5 visitors come on one of the bus routes from that neighborhood!

God continually reminds me that he is willing to work in the hearts and lives of people, if we will be willing to tell them the Good News of the Gospel. Evangelism still works the way He designed it from the beginning, and we can't wait to to be a part of how he is working in the hearts of the people of Argentina!

MISSIONARIES TO

"Finally, brethren, pray for us, that the word of the Lord may have free course, and be glorified, even as it is with you."

2 THESSALONIANS 3:1

As we continue to pursue contacts and visit churches please know that our heart is in Argentina. Your monthly support would let our family live in Argentina and allow a new church plant to operate and grow.

Don't forget to share our newsletter with anyone you think might be interested in missions. Remember, out there somewhere are people who want to get the Gospel to Argentina and you could be the way God connects them to us.
